

The following items constitute the basic requirements set forth by the school board for the parents/guardians who wish to enroll their children at Central Alberta Christian High School.

The following list of conditions must be met for a student to become eligible for enrolment.

1. Parents/guardians must agree with the objectives of the school as set forth in the CACHS constitution.
2. Parents/guardians must support and promote the objectives of CACHS including financial obligations.
3. At least one parent/guardian must be an active and supportive member of a Christian church.
4. Parents/guardians must be committed Christians and be able to verbalize what Jesus Christ means to them in terms of their Christian walk.
5. Parents/guardians must give evidence of a supportive Christian home where the objectives of Christian education are in harmony with their own.
6. Parents/guardians and prospective students cannot be members of, or involved in, any cult or sect whose teaching is contrary to the Bible.
7. All parents/guardians of students transferring in from another Christian school should attend an orientation meeting.
8. High school students who are professing Christians may be accepted on their own confession even if their parents/guardians are not Christians themselves. The parents/guardians, however, must be in agreement with their children being enrolled at CACHS and support the goals of the school.
9. Parents/guardians of prospective students, who have not previously been enrolled at a Christian school or have interrupted their education at a Christian institution, must be interviewed by representatives of the board and receive full board approval of the application of enrolment.
10. Tuition agreements must be completed and signed prior to enrolment.
11. The board reserves the right to limit enrolment.
12. The final decision to accept or reject enrolment rests with the board as a whole.
